

## INFORMATION

**Commissioned by Huga Bostäder Botkyrka VVS will carry out measures to improve the heating system in this property. This work will be carried out in your apartment:**

- Covering floors next to the work area.**
- Remove all radiators in the apartment.**
- Painting of wall behind the radiators.**
- Drilling for pipes through floor and ceiling by the radiators.**
- Mounting of new radiators and pipes next to these.**
- Covering of holes and adding skirting boards (floor/ceiling)**

**You will find a schedule on your door. Each part of the work in your apartment will be signed off here when completed. When the project is finished we will remove the covering in your apartment and also remove the electronic lock.**

**Make sure to remove furniture/things placed close to your radiators.**

Please don't hesitate to contact us should you have any questions:
